## 2 MAY – THURSDAY

HALL NAME	SILFURBERG A	SILFURBERG B	KALDALÓN	BJÖRTULOFT	RÍMA
08:30 - 11:00	<b>REGISTRATION OPENS</b> Eyri				
11:00 - 12:00	<b>OPENING CEREMONY</b> Silfurberg A & B				
12:00 -12:50	<b>LUNCH, Poster session I &amp; Exhibition</b> Served in open area				
12:50 - 13:30	<b>KEYNOTE - Helga Gottfreðsdóttir</b> Silfurberg A & B				
	<b>SESSION 1</b>				
13:45 -15:00	<b>1.1 MIDWIFERY MODELS OF CARE I (SILFURBERG A)</b> <i>Chair: Raymond De Vries</i>	<b>1.2 HEALTH PROMOTION IN PREGNANCY (SILFURBERG B)</b> <i>Chair: Debra Young</i>	<b>1.3 MENTAL HEALTH POSTPARTUM (KALDALÓN)</b> <i>Chair: Valgerður Lísa Sigurðardóttir</i>	<b>1.4 DISEASES IN CHILDBIRTH (BJÖRTULOFT)</b> <i>Chair: Björk Steindórsdóttir</i>	<b>WORKSHOP (RÍMA)</b>
	<b>1.1.1 (61)-Mothers' experiences in relation to a new Swedish postnatal home-based model of midwifery care.</b> <i>Margareta Johansson, Sweden</i>	<b>1.2.1 (168)-Experiences of pregnant women with pregnancy-related online information - A qualitative study.</b> <i>Marlijn Kranendonk, The Netherlands &amp; Aliët van Veelen, The Netherlands</i>	<b>1.3.1 (20)-Antenatal depressive symptoms and early initiation of breastfeeding in association with exclusive breastfeeding 6 weeks postpartum: a longitudinal population-based study</b> <i>Karin Cato, Sweden</i>	<b>1.4.1 (170)-Reproductive Trends in Women with Rheumatoid Arthritis in Denmark from 1990 to 2014</b> <i>Ane Lilleøre Rom, Denmark</i>	<b>(198) The rebozo technique - how to perform and why? Introduction and hands-on workshop</b> <i>Mette Langeland Iversen, Denmark</i>

	<p>1.1.2 (121)-Work situation and professional role for midwives at a labour ward, pre and post the introduction of a midwifery model of care. <i>Malin Hansson, Sweden</i></p>	<p>1.2.2 (111)-"I didn't fit in" - Reasons for not attending parental education groups in Antenatal and Child health Care <i>Karin Forslund Frykedal, Sweden</i></p>	<p>1.3.2 (247)-Impact of maternal adversity on breastfeeding, mood and mother-infant interaction and cortisol attunement during the first year postpartum. Some findings from the Maternal adversity, vulnerability and neurodevelopment study (MAVAN). <i>Wibke Jonas, Sweden</i></p>	<p>1.4.2 (179)-Maternal Rheumatoid Arthritis and the Risk of Spontaneous Abortion. A Danish nationwide Cohort Study. <i>Ane Lilleøre Rom, Denmark</i></p>	
	<p>1.1.3 (76)-Evaluation of a midwifery model of woman-centred care during childbirth – a mixed-method study <i>Ingela Lundgren, Sweden</i></p>	<p>1.2.3 (55)-The effect of an unsupervised water exercise program on low back pain and sick leave among healthy pregnant women – A randomised controlled trial <i>Mette Backhausen, Denmark</i></p>	<p>1.3.3 (103)-Maternal depression symptoms during the first 21 months after giving birth <i>Michael Rosander, Sweden</i></p>	<p>1.4.3 (95)-The challenges of healthcare encounters between women with endometriosis and healthcare professionals. <i>Hanna Grundström, Sweden</i></p>	
	<p>1.1.4 (268)-Stop, think, reflect, realise – first-time mothers' experiences of taking part in longitudinal maternal health research <i>Deirdre Daly, Ireland</i></p>	<p>1.2.4 (226)-Birthing in an Electronic World: First-Time Mother's Experiences of Self-Preparing for Birth <i>Susan Fleming, USA</i></p>	<p>1.3.4 (25)-You need more understanding - Perinatal and motherhood experiences of Icelandic mothers who are survivors of childhood sexual abuse <i>Inga Vala Jónsdóttir, Iceland</i></p>	<p>1.4.4 (97)-How is spondyloarthritis associated with pregnancy and birth outcomes? A Danish population-based cohort study <i>Sofie Mørk, Denmark</i></p>	

15:30 - 16:45	<b>COFFEE BREAK &amp; Exhibition</b> Served in open area				
	<b>SESSION 2</b>				
15:30 - 16:45	<b>2.1 INTERVENTIONS AND ORGANIZATION OF CARE I</b> <i>(SILFURBERG A)</i> <i>Chair: Rebecca Ashley</i>	<b>2.2 INDUCTION OF LABOUR</b> <i>(SILFURBERG B)</i> <i>Chair: Ingela Lundgren</i>	<b>2.3 CHILDBIRTH EXPERIENCE</b> <i>(KALDALÓN)</i> <i>Chair: Hafrún Finnbogadóttir</i>	<b>2.4 AUTONOMY AND SHARED DECISION MAKING</b> <i>(BJÖRTULOFT)</i> <i>Chair: Christina Prinds</i>	<b>WORKSHOP II</b> <i>(RÍMA)</i>
	<b>2.1.1 (64)-Regional variations in childbirth interventions and their correlations with adverse outcomes, birthplace and care provider: a nationwide explorative study</b> <i>Anna Seijmonsbergen-Schermers, Netherlands</i>	<b>2.2.1 (146)-Protecting the Future of Normal Physiologic Birth: Making Sense of the ARRIVE Trial</b> <i>Linda Hunter, United States of America</i>	<b>2.3.1 (78)-Length of latent phase, women's labouring experience and quality of care during labour and birth</b> <i>Karin Ångeby, Sweden</i>	<b>2.4.1 (181)-Protecting the health of mother and baby and the autonomy of women: on the need to adequately assess interventions in maternity care</b> <i>Rikke Damkjær Maimburg, Denmark</i>	<b>BLUBB: An interprofessional contract teaching to reduce perineal trauma and to increase the level of knowledge of pelvic floor anatomy and repair of perineal trauma</b> <i>Malin Edqvist, Sweden</i>
	<b>2.1.2 (83)-Obstetric interventions, trends and drivers of change: A 20-year population based study from Iceland</b> <i>Emma Marie Swift, Iceland</i>	<b>2.2.2 (270)-Effects of induction of labor prior to post-term in low-risk pregnancies: a systematic review</b> <i>Mette Juhl, Denmark</i>	<b>2.3.2 (62)-Intrapartum midwifery care impact Swedish couple's birth experiences</b> <i>Li Thies-Lagergren, Sweden</i>	<b>2.4.2 (79)-Dilemmas around shared decision-making in midwifery care: how to do right?</b> <i>Marianne Nieuwenhuijze, The Netherlands</i>	

	<p>2.1.3 (262)-Feasibility of a health and risk categorization system at an interdisciplinary birth unit in Iceland <i>Berglind Hálfhánsdóttir, Iceland</i></p>	<p>2.2.3 (201)-Absolute numbers are important in patient information – with examples from labor induction research <i>Mette Juhl, Denmark</i></p>	<p>2.3.3 (215)-Reviewing birth experience by a known midwife: description of a study protocol <i>Valgerður Lísa Sigurðardóttir, Iceland</i></p>	<p>2.4.3 (22)-Shared agenda making for quality improvement; towards more synergy in maternity care <i>Carola Groenen, The Netherlands</i></p>	
	<p>2.1.4 (278)-Normalizing Birth in a Tertiary Environment <i>Linda Hunter, United States of America</i></p>	<p>2.2.4 (23)-Impact of intravenously administered fentanyl vs. epidural or no opioids during labour on first suckling and breastfeeding <i>Hanna Oommen, Norway</i></p>	<p>2.3.4 (263)-First-time mother's self-reported satisfaction with their birth experience - a cross-sectional study <i>Christel Johansson, Sweden</i></p>	<p>2.4.4 (41)-Norwegian midwives' perception for their practice environment - a mixed Methods study <i>Mirjam Lukasse, Norway</i></p>	
<b>WORKSHOPS AND SEMINARS</b>					
16:50 - 18:08	<p><b>W-III (132) EMMA – Enhanced Maternity care for Migrant Families: Research to Action</b> <i>Helena Lindgreen, Sweden</i></p>	<p><b>W-IV (173) “Midwifery educators crossing boarder’s” - Capacity-building of midwifery education in low resource setting</b> <i>Marie Klingberg-Allvin, Sweden</i></p>	<p><b>W-V (192) Midwifery across borders – how can Nordic midwives make a contribution?</b> <i>Margareta Larsson, Sweden</i></p>	<p><b>W-VI (234) The Nordic Network of Academic Midwives</b> <i>Ellen Blix, Norway</i></p>	<p><b>W-VII (280) Bridging a culture gap enhances personal growth except when it doesn't. Longitudinal qualitative action research of Twinning between Dutch and Moroccan midwives.</b> <i>Franka Cadée, The Netherlands</i></p>
18:05 - 19:00	<p><b>SMALL RECEPTION</b> Served in open area</p>				

## 3 MAY – FRIDAY

HALL NAME	SILFURBERG A	SILFURBERG B	KALDALÓN	BJÖRTULOFT	RÍMA
08:30 - 09:10	<b>KEYNOTE SPEAKER - Ellen Aagaard Nøhr</b> Silfurberg A & B				
09:10 - 09:20	<b>ENERGY SPEAKER</b> Silfurberg A & B				
	<b>SESSION 3</b>				
09:30 - 10:45	<b>3.1 PERINEAL OUTCOMES I</b> <i>(SILFURBERG A)</i>  <i>Chair: Susanne Houd</i>	<b>3.2 CESAREAN SECTION</b> <i>(SILFURBERG B)</i>  <i>Chair: Ingrid Jepsen</i>	<b>3.3 INTRAPARTUM CARE FOR IMMIGRANT WOMEN</b> <i>(KALDALÓN)</i>  <i>Chair: Marie Klingberg-Allvin</i>	<b>3.4 THEORY OF MIDWIFERY</b> <i>(BJÖRTULOFT)</i>  <i>Chair: Marianne Nieuwenhuijze</i>	<b>3.5 CLINICAL SIMULATION IN MIDWIFERY EDUCATION</b> <i>(RÍMA)</i>  <i>Chair: Elizabeth Newnham</i>
	<b>3.1.1 (261)-Does water-birth affect the risk of perineal injury or other adverse outcomes in low risk women with physiological birth? Results from the Nordic Homebirth Cohort Study</b> <i>Berglind Hálfðánsdóttir, Iceland</i>	<b>3.2.1 (191)-Predictors of cesarean in a low-intervention, low-risk population</b> <i>Melissa Cheyney, USA</i>	<b>3.3.1 (3)-Immigrants from conflict-zone countries: an observational comparison study of obstetric outcomes in a low-risk maternity ward in Norway</b> <i>Kjersti Sletten Bakken, Norway</i>	<b>3.4.1 (186)-Objectives and aims of midwifery</b> <i>Mirjam E.C. Peters, Germany</i>	<b>3.5.1 (59)-Unexpected learning-potentials among Midwifery students in High-Fidelity Simulation</b> <i>Lea Brinkmann, Denmark</i>

Note: Session 3.1 & 3.2 might start few min later due to necessary changes in hall Silfurberg A & B between sessions.

	3.1.2 (84)-Severe perineal trauma among women undergoing vaginal birth after cesarean delivery: a population-based cohort study <i>Charlotte Elvander, Sweden</i>	3.2.2 (171)-Maternal physical activity and cesarean birth: a systematic review <i>Marit Bovbjerg, USA</i>	3.3.2 (7)-Stillbirth in relation to maternal country of birth and other migration related factors: a population-based study in Norway <i>Eline Skirnisdottir Vik, Norway</i>	3.4.2 (237)-Decolonizing Midwifery <i>Eva K Robertson, Norway</i>	3.5.2 (106)-Pre-training of suturing skills among midwifery students improves preparedness for training in practice <i>Kirsten Hasman, Denmark</i>
	3.1.3 (141)-Expert midwives' skill in preserving the perineum intact: the 'MEPPI' study <i>Cecily Begley, Ireland</i>	3.2.3 (131)-Cesarean section on a rise – does advanced maternal age explain the increase? A population register based study <i>Eva Rydahl, Denmark</i>	3.3.3 (36)-Global Perspective on Deinfibulation <i>Heidi Kytöaho, Finland</i>	3.4.3 (98)-Midwives realities in Bangladesh. A focus group enquiry with midwifery students and educators <i>Ulrika Byrskog, Sweden</i>	3.5.3 (264)-Inter-professional Full-scale Simulations for Learning Teamwork and Skills for Mastering Obstetric Emergencies <i>Pernilla Stenbäck, Finland</i>
	3.1.4 (102)-Midwives' practice during the second stage of physiological labour: A systematic review <i>Viola Nyman, Sweden</i>	3.2.4 (165)-Advanced Maternal age and Cesarean Sections - physiology or culture? A population register based study <i>Eva Rydahl, Denmark</i>	3.3.4 (204)-Bilingual doula support – a step towards equal rights for immigrant women! <i>Ulrica Askelöf, Sweden</i>	3.4.4 (150)-Does transition to parenthood affect gender traits? The Effect of Pregnancy on Perceived Female and Male Traits <i>Karolina Linden, Sweden</i>	3.5.4 (130)-Simulation based examination <i>Helle Vibeke Jansen, Denmark</i>
10:45 - 11:15	<b>COFFEE BREAK &amp; Exhibition</b> Served in open area				

	SESSION 4				
11:15 - 12:30	<b>4.1 PERINEAL OUTCOMES II</b> <i>(SILFURBERG A)</i>  <i>Chair: Maria Hedström</i>	<b>4.2 LABOUR PROGRESS</b> <i>(SILFURBERG B)</i>  <i>Chair: Mirjam Lukasse</i>	<b>4.3 BREASTFEEDING</b> <i>(KALDALÓN)</i>  <i>Chair: Lilja Guðnadóttir</i>	<b>4.4 MIDWIVES' WELLBEING</b> <i>(BJÖRTULOFT)</i>  <i>Chair: Ellen Blix</i>	<b>4.5 MIDWIFERY EDUCATION IN INDIA AND BANGLADESH</b> <i>(RÍMA)</i>  <i>Chair: Ólöf Ásta Ólafsdóttir</i>
	<b>4.1.1 (178)-Oneplus - Evaluation of collegial midwifery assistance during the second stage to reduce severe perineal trauma</b> <i>Malin Edqvist, Sweden</i>	<b>4.2.1 (50)-Safe labour, redefining duration of first stage of labour in modern obstetrical care</b> <i>Louise Lundborg, Sweden</i>	<b>4.3.1 (21)-Breastfeeding as a balancing act – pregnant Swedish women's voices on breastfeeding</b> <i>Karin Cato, Sweden</i>	<b>4.4.1 (94)-The emotional and professional wellbeing of midwives: cross sectional survey in Lithuania</b> <i>Vita Vaiciene, Lithuania</i>	<b>4.5.1 (202)-Strengthening nursing and midwifery pre-service education in four Indian states</b> <i>Kaveri Mayra, India</i>
	<b>4.1.2 (172)-Risk of perineal tears by maternal birth position</b> <i>Marit Bovbjerg, USA</i>	<b>4.2.2 (8)-"Management of the passive phase of the second stage of labour in nulliparous women- focus group discussions with Swedish midwives"</b> <i>Maria Bjelke, Sweden</i>	<b>4.3.2 (66)-The impact of two-sided benefits. An Interpretative Phenomenological Analysis of young primiparous mothers' breastfeeding experience</b> <i>Jannie Skovlund Rasmussen, Denmark</i>	<b>4.4.2 (109)-I was completely exhausted and I could not keep on: midwives experience of attending acute circumstances during birth</b> <i>Sigríður Inga Karlsdóttir, Iceland</i>	<b>4.5.2 (116)-Nurse mentorship: Exploring an alternative career pathway for nurse-midwives in India</b> <i>Kaveri Mayra, India</i>

	<p>4.1.3 (276)-Association between birth positions and perineal trauma following an interventional program during the second stage of birth. <i>Edda Sveinsdóttir, Iceland</i></p>	<p>4.2.3 (107)-The Labour Progression Study (LaPS): Intrapartum caesarean section rates following Zhang's guideline and the WHO partograph. A cluster randomised trial. <i>Stine Bernitz, Norway</i></p>	<p>4.3.3 (211)-Breastfeeding Experiences among Obese Women in Sweden a Qualitative Study <i>Siv Alehagen, Sweden &amp; Ing-Marie Claesson, Sweden</i></p>	<p>4.4.3 (88)-Burnout and intentions to leave the profession among Western Canadian midwives: Is the caseload model sustainable? <i>Kathrin Stoll, Canada</i></p>	<p>4.5.3 (241)-Capacity building of midwifery faculty to implement a 3-years midwifery diploma curriculum in Bangladesh: A process evaluation of a mentor-ship program <i>Christina Pedersen &amp; Kerstin Erlandsson, Sweden</i></p>
	<p>4.1.4 (210)-Do more resources lead to improved care and support to women with obstetric anal sphincter injuries? Exploring national, regional and local policies and guidelines in Sweden <i>Margareta Persson, Sweden</i></p>	<p>4.2.4 (53)-'We've become very dependent on the technology': Electronic fetal monitoring and the organization of maternity care <i>Raymond De Vries, USA</i></p>	<p>4.3.4 (145)-Two-year test-retest reliability of the Pregnancy Risk Assessment Monitoring System (PRAMS) breast feeding questions <i>Marit Bovbjerg, USA</i></p>	<p>4.4.4. (54)-Promoting and sustaining a healthy midwifery workforce – key messages from the Work, Health and Emotional Lives of Midwives (WHELM) consortium <i>Mary Sidebotham, Australia</i></p>	<p>4.5.4 (227)-Capacity building midwifery educators in Bangladesh through a blended net-based master's program in the subject of midwifery from Dalarna University, Sweden <i>Kerstin Erlandsson, Sweden</i></p>
12:30 - 13:45	<p><b>LUNCH, Poster session II &amp; Exhibition</b> Served in open area</p>				
	<p><b>SESSION 5</b></p>				
13:45 - 15:00	<p><b>5.1 PERINEAL OUTCOMES III</b> <i>(SILFURBERG A)</i>  <i>Chair: Déirdre Daly</i></p>	<p><b>5.2 VIOLENCE IN CHILDBIRTH</b> <i>(SILFURBERG B)</i>  <i>Chair: Jenny Gamble</i></p>	<p><b>5.3 PLACE OF BIRTH</b> <i>(KALDALÓN)</i>  <i>Chair: Ása Premberg</i></p>	<p><b>5.4 CHALLENGES IN MIDWIFERY CARE</b> <i>(BjÖRTULOFT)</i>  <i>Chair: Lilleba Anckers</i></p>	<p><b>WORKSHOP VIII</b> <i>(RÍMA)</i></p>

	<p>5.1.1 (4)-A worse nightmare than expected' - a Swedish qualitative study of women's experiences two months after obstetric anal sphincter muscle injury <i>Inger Lindberg, Sweden</i></p>	<p>5.2.1 (108)-History of sexual violence associated with frequent attendance in midwifery-led care <i>Janneke Gitsels, The Netherlands</i></p>	<p>5.3.1 (134)-Women on the move, a search for preferred birth services <i>Aaroe Clausen, Denmark</i></p>	<p>5.4.1 (195)-Risk factors for stillbirth and beliefs: findings from a pilot near miss questionnaire study in Somaliland focusing the mother-baby dyad <i>Mari-Cristin Malm, Sweden</i></p>	<p>(125)-How can midwives support women to work with pain in labour? <i>Sigríður Inga Karlsdóttir, Iceland, Elizabeth Newnham, Australia &amp; Nicky Leap Australia</i></p>
	<p>5.1.2 (15)- "Struggling to settle with a damaged body" - a Swedish qualitative study of women's experiences one year after obstetric anal sphincter muscle injury (OASIS) at childbirth <i>Maria Lindqvist, Sweden</i></p>	<p>5.2.2 (18)-Struggling to survive for the sake of the unborn baby <i>Hafrún Finnbogadóttir, Sweden</i></p>	<p>5.3.2 (224)-Birth Satisfaction Scale Revised (BSS-R) Explored: A large scale United States Planned Home Birth and Birth Centre/Center Survey <i>Susan Fleming, USA</i></p>	<p>5.4.2 (30)-The situation for internally displaced children aged 6 to 59 months in Somalia -A questionnaire survey among caregivers in internally displaced peoples' communities <i>Kerstin Erlandsson &amp; Fatumo Osman, Sweden</i></p>	
	<p>5.1.3 (43)-Uptake of postpartum check-up and perineal pain during the first year after childbirth, a Swedish cohort study <i>Susanne Åhlund, Sweden</i></p>	<p>5.2.3 (17)-Does the violence continue after the baby is born? <i>Hafrún Finnbogadóttir, Sweden</i></p>	<p>5.3.3 (269)-Giving Voice to Mothers - US: Women speak of autonomy, respect, and outcomes of care by place of birth <i>Kathrin Stoll, Canada</i></p>	<p>5.4.3 (252)-Midwives' and Public Health Nurses' Experiences of Encountering Newly Arrived Asylum Seekers in Finland during the European Migrant Crisis 2015-16 <i>Satu Leppälä, Finland</i></p>	

	<p>5.1.4 (110)-Build professional competence and equip with strategies to empower midwifery students-an interview study evaluating a simulation-based learning course for midwifery educators in Bangladesh <i>Josefin Rosengren, Sweden</i></p>	<p>5.2.4 (209)-A genealogy of obstetric violence and its implications for mothers' and midwives' subjectivities <i>Rodante van der Waal, The Netherlands</i></p>	<p>5.3.4 (57)-"You feel at home - you feel safe". A phenomenological study of the birth environments impact on fathers' experience of the birth of their first child <i>Birgitte Folmann, Denmark</i></p>	<p>5.4.4 (126) The Views of Somali Religious Leaders on Birth Spacing - a Qualitative Study <i>Fatumo Osman, Sweden</i></p>	
15:00 - 15:30	<p><b>COFFEE BREAK &amp; Exhibition</b> Served in open area</p>				
	<p><b>SESSION 6</b></p>				
15:30 - 16:45	<p><b>6.1 INTERVENTIONS AND ORGANIZATION OF CARE II</b> <i>(SILFURBERG A)</i> <i>Chair: Marianne Keevers</i></p>	<p><b>6.2 ANTENATAL CARE FOR IMMIGRANT WOMEN</b> <i>(SILFURBERG B)</i> <i>Chair: Marie Berg</i></p>	<p><b>6.3 PLACE OF BIRTH AND FETAL WELLBEING</b> <i>(KALDALÓN)</i> <i>Chair: Sigrún Kristjánsdóttir</i></p>	<p><b>6.4 INTERPROFESSIONAL COOPERATION</b> <i>(BJÖRTULOFT)</i> <i>Chair: Kathrin Stoll</i></p>	<p><b>WORKSHOP</b> <i>(RÍMA)</i></p>
	<p>6.1.1 (155)-The Lifelines NEXT birth cohort <i>Willemijn Warmink-Perdijk, The Netherlands</i></p>	<p>6.2.1 (39)-The MAMA ACT feasibility study - Lessons learned from midwives in Danish antenatal care <i>Helle Johnsen, Denmark</i></p>	<p>6.3.1 (148)-Giving Birth in rural arctic East Greenland <i>Susanne Houd, Denmark</i></p>	<p>6.4.1 (120)-Veiled midwifery in the baby factory - Midwives marching to own drum - Other professions perspective of midwifery work in labour wards. <i>Malin Hansson, Sweden</i></p>	<p>(267)-Implementing a screening programme for perineal repair outcomes the first week postpartum. <i>Sara Fevre Kindberg, Denmark</i></p>

	<p><b>6.1.2 (275)-Birth Statistics 2018 – births in Denmark 1998-2016 from the MIPAC-database</b> <i>Mette Juhl, Denmark</i></p>	<p><b>6.2.2 (82)-“Pregnant without a residence permit – the experience of pregnancy and use of health services among undocumented migrants in Denmark”</b> <i>Julia Kadin Funge, Denmark</i></p>	<p><b>6.3.2 (133)-Intermittent auscultation (IA) as fetal monitoring during labour: a systematic scoping review to identify methods of IA, effects and accuracy</b> <i>Ellen Blix, Norway</i></p>	<p><b>6.4.2 (185)-MMAY childbirth – Measurement of Midwifery quality from women’s point of view - Development of an instrument</b> <i>Mirjam E.C.Peters, Germany</i></p>	
	<p><b>6.1.3 (96)-The Robson ten-group classification in Iceland: Obstetric interventions and outcomes</b> <i>Kristjana Einarsdóttir, Iceland</i></p>	<p><b>6.2.3 (27)-Development of an application for interactive communication in antenatal care with Arabic speaking women.</b> <i>Dima Bitar, Sweden</i></p>	<p><b>6.3.3 (225) National survey of routines for intrapartum fetal monitoring in Norway</b> <i>Anne Kaasen, Norway</i></p>	<p><b>6.4.3 (197)-Midwives’ Perceptions on Interprofessional Cooperation in Early Life Family Care: A Qualitative Study</b> <i>Martina Schlüter-Cruse, Germany</i></p>	

## 4 MAY – SATURDAY

	6.1.4 (122)-An exploration of women's experiences of their birth choices in pregnancy following a previous caesarean section (CS): a grounded theory study. <i>Malitha Monis, Ireland</i>	6.2.4 (117)-Non-Swedish speaking women's experiences of an individual customized visit to the labor ward during pregnancy <i>Elin Ternström, Sweden</i>	6.3.4 (71)-Women ask for professional breastfeeding support in harmony with the family's needs <i>Ingrid Blixt, Sweden</i>	6.4.4 (259)-Labour ward leaders; working together for safer care <i>Gail Johnson, United Kingdom</i>	
19:00 - 00:00	<b>CONGRESS DINNER - Location Austurbær</b>				
<b>HALL NAME</b>	<b>SILFURBERG A</b>	<b>SILFURBERG B</b>	<b>KALDALÓN</b>	<b>BJÖRTULOFT</b>	<b>RÍMA</b>
08:30 - 09:10	<b>KEYNOTE SPEAKER - Edwin van Teijlingen</b> Silfurberg A & B				
09:10 - 09:20	<b>ENERGY SPEAKER</b> Silfurberg A & B				
	<b>SESSION 7</b>				
09:30 - 10:45	<b>7.1 MIDWIFERY MODELS OF CARE II (SILFURBERG A)</b>  <i>Chair: Mary Sidebotham</i>	<b>7.2 GESTATIONAL DIABETES (SILFURBERG B)</b>  <i>Chair: Hildur Sigurðardóttir</i>	<b>7.3 MENTAL HEALTH AND MIDWIFERY INTERVENTIONS (KALDALÓN)</b>  <i>Chair: Inga Vala Jónsdóttir</i>	<b>7.4 FERTILITY AND PRECONCEPTION CARE I (BJÖRTULOFT)</b>  <i>Chair: Sunita Panda</i>	<b>7.5 TEACHING AND LEARNING METHODS I (RÍMA)</b>  <i>Chair: Gail Johnson</i>

Note: Session 7.1 & 7.2 might start few min later due to necessary changes in hall Silfurberg A & B between sessions.

	<p>7.1.1 (258)-Björkin birth-center, more options for women in childbirth <i>Hrafnhildur Halldórsdóttir, Iceland</i></p>	<p>7.2.1 (37)-Knowledge of gestational diabetes mellitus at first consultation in a multi-ethnic pregnant population in the Oslo region, Norway – a cross-sectional study <i>Iren Borgen, Norway</i></p>	<p>7.3.1 (175)-Women’s experience of midwife-led counselling and its influence on childbirth fear: a qualitative study <i>Birgitta Larsson, Sweden</i></p>	<p>7.4.1 (46)-Midwives’ work with and attitudes towards contraceptive counselling and contraception among women with intellectual disability – focus group interviews in Sweden <i>Berit Höglund, Sweden</i></p>	<p>7.5.1 (161)-Neither clinic nor lectures – but a powerful hybrid learning environment. Facilitating students’ interprofessional and didactic competencies in a student-led clinic offering antenatal classes. <i>Nynne Ek Sindberg, Annetette Rasmussen &amp; Mulle Nielsen, Denmark</i></p>
	<p>7.1.2 (49)-Call the midwife- implementing a continuity model of midwifery care during pregnancy, labour and birth <i>Ingegerd Hildingsson, Sweden</i></p>	<p>7.2.2 (157)-Health literacy and gestational diabetes among ethnic minority pregnant women – A qualitative study. <i>Ida Dayyani, Denmark</i></p>	<p>7.3.2 (6)-Addressing transition to motherhood by midwives in prenatal booking visits: findings from video recordings <i>Elke Tichelman, Netherlands</i></p>	<p>7.4.2 (136)-Midwives have a golden opportunity to talk about fertility and preconception health – a randomized controlled trial (RCT). <i>Yvonne Skogsdal, Sweden</i></p>	<p>7.5.2 (127)-Finnish midwifery students need more sexual and reproductive health education <i>Sanna-Mari Manninen, Finland</i></p>
